

ENVIRONMENT

Reduction in the Amount of Lead Used

To help protect the environment, the amount of lead used has been reduced and thorough development of lead-free parts has been implemented.

The amount of lead used in one Picnic/Avensis Verso has been reduced to about one-fifth of the average amount of lead used in 1996.

Main lead-free parts :

- Radiator
- Heater core
- Wire harness

Main parts with reduced lead :

- Wheel balance weight
